Low voltage DC power supply, silent driving without noisy.

Cool running, cool glass to touch.

50,000 hours estimated life.

Easy to install, wall mounts.

No maintenance, very easy to clean.

Dimmable LED Lights

/

Integrated Task Lighting

## TOUCH CONTROL

Latest touching controls technology by mirror light. With just one simple click, our smart product line turns mirror into multi-functions to create joyful experiences.

### MUSIC PLAYER

Using wireless technology and integrated speakers provide a richer, fuller audio experience.

### TIME DISPLAY

Built-in digital clock and it can show us the hours and minutes, we can clearly control our time.

### ANTI-FOGGY

Integrate demister pad in the mirror door. Within one to two min. the pad heats the mirror to a few degrees above room temperature. Keep the covered area of the mirror door clear.

### CUSTOMIZED

Liteharbor mirror light can be customized to any desirable sizes and suit for different applications.

# BATHROOM LIGHTING ZONES IP44 GALLERY

IP44 waterproof rated, safe for bathroom zones 2 & 3.

## ZONES EXPLAINED

### Zone 1

Zone 1 is the area above the bath to a height of 2.25m from the floor. If the fitting is 240V a 30ma residual current device (RCD) must also be used to protect the circuit in this zone.

### Zone 2

Zone 2 is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. In this zone an IP rating of at least IP44 is required. In addition it is good practice to consider the area around a wash basin, within a 60cm radius of any tap to be considered as zone 2.

### Zone 3

Zone 3 is anywhere outside zones 0, 1, and 2 (subject to specific limits) and where no water jet is likely to be used. No IP rating is required. In addition to the above, if there is a likelihood of water jets being used for cleaning purposes in zones 1, 2 and 3, a fitting rated a minimum IP65 must be used.

## SPECIFICATION OF BATHROOM FITTINGS

| No. | Area                                                   | Specification                                                                                                                                    |
|-----|--------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| 1   | Area immediately above bath or shower tray.            | IP rating of at least IPx4. Where water jets are likely to be used for cleaning purposes in communal baths & showers at least IPx5 is required.  |
| 2   | Within 0.6m of the outside edge of the bath or shower. | IP rating of at least IPx4. Where water jets are likely to be used for cleaning purposes in communal baths & showers at least IPx5 is required.  |
| 3   | Anywhere outside Zones 0,1 & 2.                        | No specific IP rating unless where water jets are likely to be used for cleaning purposes in communal baths & showers at least IPx5 is required. |

**MAINTENANCE:** Wipe the mirror stain with toothpaste or 30% clean diluent.

## LED LIGHT ENGINE

Light Source: LED SMD Chips  
 Input: 120V-277V AC 50/60Hz  
 CCT: 2700K-6500K  
 CRI > 80%  
 PF > 0.98

## USAGE

Bathroom, Bedroom, Dressing Room, etc.

## ODM & OEM

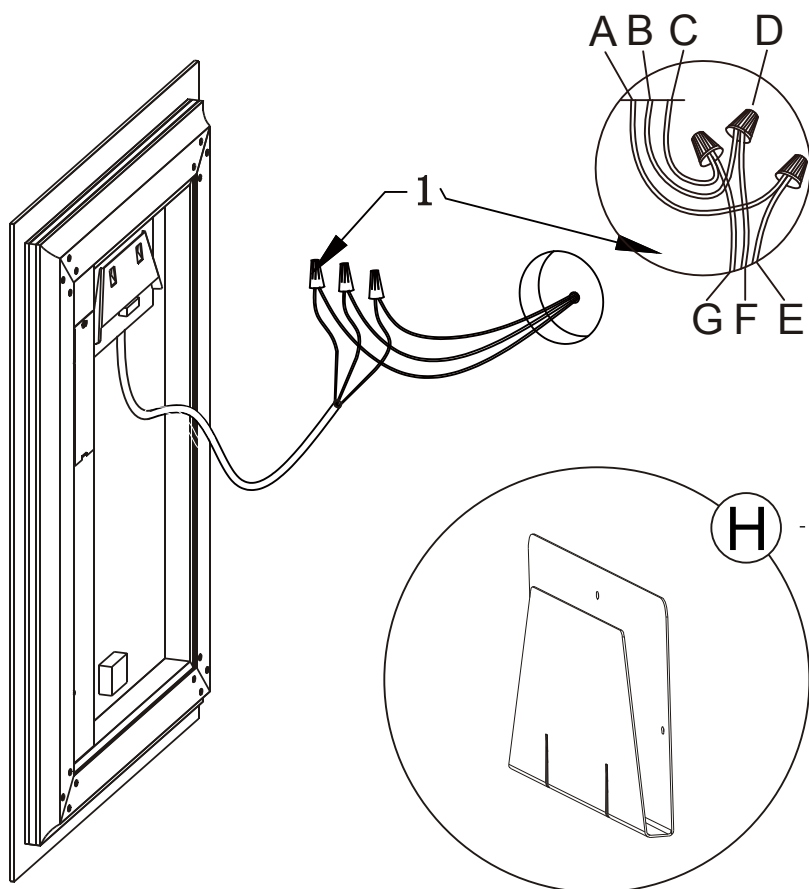

### CUSTOMIZED OPTIONS:

Wattages, Lumens, CCTs, Shapes,  
 Dimensions, Switches, etc.

APPLICATIONS: Bathroom, Bedroom, Dressing room, Makeup room, etc.

### LISTING / WARRANTY

- cETLus listed for damp location and feed through wiring.
- 5 Year Limited Warranty.

# LED LIGHTED MIRROR

Specifically designed to enhance viewing for make-up application, shaving and personal grooming, like no other mirror. When you want to use the mirror to apply makeup or check on blemishes, then you need to place the mirror where it receives good light. A lighted mirror solves this problem by giving you LED lights. The robust mirror lamps with their soft light distribution are for wall mounting. A lighted mirror has lights around the outside edge that allows you to get a better view.

## ILLUMINATED ART MIRROR

People often say that life requires a sense of ritual but I think art is more important. Have you ever thought of playing your own artistic sense to add a new element to your illuminated mirror? Liteharbor Illuminated Art Mirror Series can satisfy your DIY wishes, you can customize the patterns you like, such as lines, geometric figures, animal outlines, etc. Nothing is better than having a mirror of your own and this feeling is wonderful.
