

MAGNIFYING MIRROR LIGHT

Get the closest view with these mirrors, which magnify your image. This unit has an elegant design that is available in two finishes. It has two functions, one which projects a normal reflective view, while the other offers magnification for a closer look. This has a bright halo light, so you can ensure your makeup always looks fabulous. It offers 5x or 7x magnification so you can see your entire face clearly. These are ideal for applying eyeliner, eye makeup, and other tasks that require precision. It provides you with just the right amount of light while applying your cosmetics and beauty products.
